New Series Higher Performance!

Little Giant's new 10ENH Series pumps are designed for extended or continuous use in dewatering, water transfer, and effluent wastewater removal applications. These pumps now have PSC motors which consume less energy while delivering higher performance. The new 10ENH Series pumps offer the following:

1/2 hp permanent split capacitor (PSC) motor with thermal overload protection

- Energy saving low amp draw
- New cooler running motor which extends the life of the pump
- Epoxy coated cast iron motor housing
- Non-clog impeller
- Fully submersible
- Solids handling up to 3/4 inch diameter
- Available in manual or automatic operation
- Piggyback mechanical float switch
 - On Level: 9" - 14"
 - Off Level: 2" - 6"
- Integral snap action float switch
 - On Level: 9" - 12"
 - Off Level: 3" - 6"
- Two year warranty
