

Industrial

B50S Series

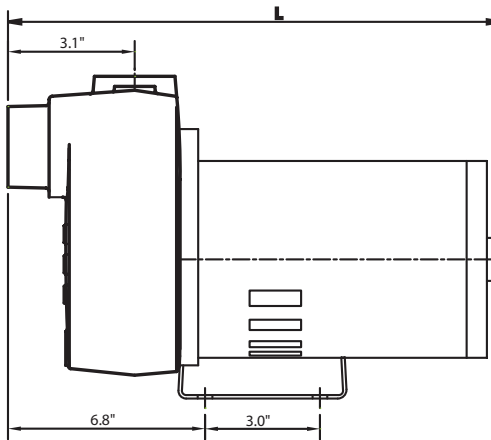

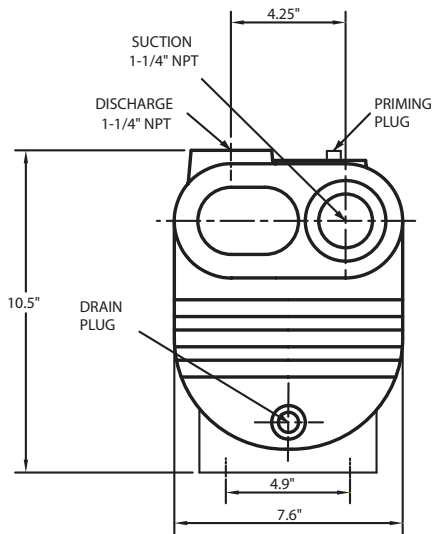

Applications

- The B50S pump is a self-priming utility pump. It is constructed of durable cast iron which makes it last long in a variety of applications.

Features

- 1/2 hp higher than NEMA standard service factor, dual compartment reliable industry standard
- Casing made of rugged cast iron with a large chamber for rapid self priming
- Carbon/ceramic mechanical seal
- Semi-open, cast iron impeller
- Built-in suction check valve
- Includes garden hose adapter
- 8' power cord
