

Wastewater

WSV52H Series

WSV52HM

WSV52HAM

Applications

- Ideal for handling raw sewage as well as commercial dewatering sump applications with up to 2" solids.

Features

- 1/2 hp powerful 115 Volt, oil free PSC motor. Rated for continuous duty, with thermal overload protection and double ball bearings for reliability
- 300 Series stainless steel shaft for corrosion resistance
- Motor housing, pump volute and impeller are cast iron
- 2" NPT discharge
- A high capacity cast iron vortex impeller, designed for superior solids handling capabilities. This impeller is able to pass 2" solids by creating a vortex. This provides superior clog free operation
- Carbon ceramic mechanical seal
- 300 Series stainless fasteners throughout, for serviceability
- Mechanical piggyback float switch for automatic on-off operation
- 20' power cord sealed at motor housing
